

Industrial Pretreatment Program  
Industrial Waste Survey

This information is used to determine if the activities conducted at your business, and the wastewater discharged, require consideration by the City’s Industrial Pretreatment Program. If you have questions regarding this form or the City’s Industrial Pretreatment Program, please contact Tara Wilson at 303-658-2746, [twilson@cityofwestminster.us](mailto:twilson@cityofwestminster.us).

What is the average volume of water used at your facility per month (excluding water used for landscape irrigation)? \_\_\_\_\_

“Domestic” wastewater is considered to be wastewater generated from the non-commercial preparation of food, wastewater containing only human waste and related wastewater from the sanitary facilities of buildings. “Non-domestic” wastewater is all other types of commercial, industrial and process wastewater.

Please indicate how wastewater from your facility is disposed of.

Domestic wastewater:                     city sewer                     septic tank  
Non-Domestic wastewater:            city sewer                     septic tank            hauled offsite

Describe the sources, types, and volumes of non-domestic wastewater discharged from your facility.
